

MORE TO SEE LITE

Broadening your design options

This mirror collection in four clear shapes and different sizes fits into almost any style of bathroom. The all-round LED wall lighting makes the mirrors a highlight in the bathroom. The freely adjustable light colour from daylight white to warm white (Emotion feature) conjures up an atmospheric setting at any time of the day.

Design

- + Minimalist, clear design style to match all Villeroy & Boch furniture collections

Functions and features

- + All-round LED wall lighting for uniform illumination from all sides
- + Continuously dimmable LED lighting and freely adjustable light colour from daylight white to warm white (Emotion feature)
- + Manual light control via the touch sensor on the mirror surface. Alternatively, the separately available ZigBee® Home Automation kit can be retrofitted for smart control
- + Replaceable LED strips (exception: the round mirror)

Product range

- + Four basic shapes - rectangular, round, rectangular with rounded edges, square with rounded edges - open up broad scope for individual design options
- + Available in the most common washbasin widths from 37 to 160 cm
